Dear Stefano and Thor-Sten

I hope you are well and coping given the terrible events unfolding. I'm shocked and disturbed, but got into a "keep calm and carry on' concentration into managing the energy crisis and planning for the responses. I will be in Brussels on the 17 – 18th of March, I will have a discussion with the colleagues at DG Energy ([redacted] If I can be of help to you to assess the situation, I will be at your disposal. My colleague [redacted] is coordinating.

Best regards
