Dear Mrs Marquez,

Many thanks for the occasion to join the roundtable last week.
I have been asked to share with you the content used by [REDACTED]. Please find attached a summarising presentation.

Dear Mrs Marquez,

Coming back to the round table of Thursday, it seems [REDACTED] did not receive the invitation. We were also wondering whether we could receive the list of participants and the agenda/topics for discussion?

Many thanks in advance.

With kind regards,

Dear ,

It is of course possible that participates in the roundtable on behalf of .

Alternatively, we are organising another roundtable next Monday 8 November at 10h30. The focus of this roundtable would be the promotion of renewables and low-carbon gases and gas Security of Supply. However, there is certain flexibility and would be very much welcome to address any gas or hydrogen regulatory issue that he considers convenient.

Please let me know which of the two options would be more suitable for you.

Kind regards,

Dear Mr Grassi,

On behalf of [REDACTED], many thanks for your email and the invitation to join the roundtable.

I have tried to reach you directly in order to discuss the event.

Even though looking forward to it, it seems that [REDACTED] may not be able to join. Should it not be possible for him to join, would it be possible to ask a [REDACTED] to replace him?

In order to help organising this event, we were wondering whether we could receive the list of participants that have already confirmed/been reached out to?

Many thanks in advance.

Onderwerp: Save the date: Round-table discussion with Commissioner Simson on the regulation for the hydrogen market - 11 November 2021, 15.00h

Dear [REDACTED],

The Commission is preparing a Hydrogen and Gas Decarbonisation Package to be adopted by the end of the year. The Commission organised a public consultation last spring in order to get the views from a broad range of stakeholders. As we advance in the preparation of the proposal we would like to

pursue this consultation. As the Gasunie has been actively involved in the debate on hydrogen and the creation of a hydrogen market, we would like to invite you to a round-table discussion with Commissioner Simson on the regulation for the hydrogen market. The roundtable will be organised in virtual format and will take place on 11 November at 15.00h.

Please kindly let us know if you would be interested in participating in the roundtable. A formal invitation by Commissioner Simson will follow.

Looking forward to hearing from you.

Kind regards,

Stefano GRASSI
