DG GROW representatives	[redacted]
Representatives of other DGs	DG JRC – [redacted] DG CLIMA – [redacted], [redacted], [redacted]

Summary of meeting

ACEA proposed the following (attached) presentation on 'Electrification in heavy-duty emission Regulations' for the HD PEMS expert group meeting on 11 March 2020:

2020_02_05_HD_hybrid_meeting_EUCOM.pc

- The presentation identifies the need for provisions to allow the possibility to type approve electrified heavy-duty vehicles (hybrids and full electric).

The Commission suggested to include in the presentation any proposals/recommendations on how to approach the type approval of such vehicles. The revised presentation will be made available at the HD PEMS expert group site on CIRCABC.

Other point(s) discussed:
