Dear [REDACTED]

Following our phone call a second ago, I'm glad to confirm the meeting with Roxana is blocked in the agenda: [18/02 at 15:30](#).

As mentioned, I would need the details of the participants on your side: full name, nationality, date of birth, ID card or passport number and expiration date. And a list of issues likely to be raised at the meeting would also be welcome.

I remain at your disposal should you need any further information.

Best regards,

Dear Roxana,

First of all let me wish you a happy new year and also congratulate you on your new posting in Mrs Valean's cabinet. It's really been a long time and it would be great to meet and catch up.

You must be aware of the shipping industry proposal to the IMO for an International Maritime Research Board to develop and achieve deployment zero emission vessel technologies. WSC and [REDACTED] was one of the originators of this proposal. We know that this is a very intricate policy area but [REDACTED] would be very keen to discuss the proposal with you if possible and the wider decarbonisation agenda for shipping.

[REDACTED] will be visiting Brussels on 18 and 19 and potentially also the 17 February. Would you have any availability to meet during those days?

I look forward to being in touch again.

Many thanks and best regards,
