[REDACTED]

I hope this finds you all well and you and your close ones are healthy and safe.

I heard from our Chairman's office that Prof. Schwab and Madam Lagarde spoke just this afternoon and agreed that the President would be our special guest speaker on the next **Weekly High-Level COVID Action Platform Virtual Meeting** taking place on **Wednesday 8 April from 17:30 -18:15 CET**. They agreed on a statement by Madam Lagarde, followed by short Q&A by Professor Schwab, who will facilitate the high-level discussion. Likewise confirmed are UN DSG Amina Mohammed, Brian Moynihan, Chairman and CEO of Bank of America, and Andre Hoffman, Chairman of Masselaz, from the business side.

The videoconference will be held via Zoom. Just yesterday the weekly meeting was watched live by 400+ business leaders, who have joined the COVID platform since its launch on 11 March. I attach for you the readouts of the past three sessions to give you an idea of how these take place. For your background, here are the aims of the platform:

1. 1. Galvanize the global business community for collective action
2. 2. Protect people's livelihoods and facilitate business continuity
3. 3. Mobilize cooperation and business support for the COVID-19 response

It would be wonderful if you could please confirm on your side and we very much look forward to the remarks of Madam President next week. I am at your disposal for any questions you might have, also happy to speak via phone.
