Subject: FW: Proposal for the Integration of Hydrogen Activities in ENTSG

Dear Mr Samsom,

Dear Aleksandra,

Based on the letter sent to Your Team today, I would like to propose to organize a meeting between you and ENTSG's President, [REDACTED]

[REDACTED], next week.

We would be grateful for the opportunity to discuss the ENTSG's priorities raised in the attached presentation and letter.

It would also be a good opportunity to prepare for your participation in ENTSG's annual conference on 15 December.

If that is convenient for you, **we could meet physically in Brussels on 7 or 8 December** (time-wise we can adapt to your schedules), or find a relevant time

slot for an on line meeting.

Feel free to contact me in case of any questions and we are looking forward to hear on your availability for such a meeting.

Kind regards, [REDACTED]

Subject: Proposal for the Integration of Hydrogen Activities in ENTSOG

Dear Commissioner Timmermans,

We would like to provide you with our proposal for the integration of hydrogen infrastructure activities into the existing ENTSOG framework. We are convinced that this approach would best support the timely and efficient development of hydrogen infrastructure and foster energy system integration whilst avoiding unnecessary administrative burden. We welcome your thoughts on this proposal and would be happy to discuss this further with you.

Please also find enclosed the slides from our meeting last week for your information.

Best regards,
