Dear [REDACTED]

I refer to your letter of 10 March 2020 regarding slot allocation.

The Commission adopted a proposal on the amendment of the Slot Regulation 95/93 on 13 March 2020. After the positive vote of the European Parliament on 26 March 2020 and that of the Council on 20 March, the amendment was published in the Official Journal on 31 March, and enter into force.

The proposal contains a general waiver on the grandfathering rights between March and October 2020 and ensures flexibility for possible future amendments of the Regulation may the negative impact of the virus persist.

Yours faithfully,

[REDACTED]
