Dear [REDACTED],

On behalf of Ms Monika Maglione I would like to thank you for the invitation to TikTok Virtual Event - "Safety By Design: Sharing Insights on Protecting Teens Online", taking place on 30 November at 10:00 CET.

Unfortunately, currently the schedule does not allow the meetings/events due to the number of engagements. However, we have forwarded your request to our services to explore whether a representative from DG Home may be available to participate instead; they will liaise with you in due course to let you know.

Thank you for your understanding.

Best regards,

[REDACTED]

Dear Ms Maglione,

I hope this email finds you well.

I am writing to you on behalf of TikTok, the leading destination for short form mobile video, to invite you to attend our online event "*Safety By Design: Sharing Insights on Protecting Teens Online*", taking place on 30 November at 10:00 CET.

The event will bring together renowned child safety experts to discuss the latest thinking, which includes brand new research commissioned by TikTok, on how to keep teens safe in the digital world, working together with parents and educators. The panellists, which will include TikTok's Head of Safety Public Policy, will also reflect on the role of the draft Digital Services Act and the EU Child Safety Strategy in guiding the response of platforms on child safety issues.

You will find attached the agenda for the event, along with the link for the registration (which you can also access [here via zoom](#)).

We hope you will be able to attend, please don't hesitate to get in touch with us if you have any questions.

Kind Regards,
