

Minutes of meeting

Date: 21 February 2022

Entity: Jacques Delors Institute

Participants:

[REDACTED] (Jacques Delors institute)

Executive Vice President Timmermans, Antoine Colombani (EVP Cabinet)

[REDACTED] Jacques Delors Institute in Paris and Brussels presented their work plans on greening of international trade (including CBAM), oceans and maritime governance, as well as greening of agri-food policy and EU green diplomacy.

EVP Timmermans welcomed these ideas, including their wish to focus their work on the Farm 2 Fork strategy. He insisted on the need for a thorough and inclusive public debate on agriculture and the food chain. He mentioned the geopolitical context and the energy crisis as a key point of focus in the months to come. He agreed with his interlocutors on the importance of oceans in EU Green Deal policy.
