Subject: Meeting request with AstraZeneca

Dear Mr Hager

It is a priority for the European Union and AstraZeneca alike to ensure a swift and safe roll-out of vaccines to EU citizens and the global population. We are fully committed to contribute this to the greatest of our abilities and at no profit.

AstraZeneca is aware that there is an information gap around our supplies to the European Union and the specific actions we are undertaking to increase them to desired levels. This situation is unsatisfactory and we are keen to improve the exchange of information and collaboration between AstraZeneca and EU policymakers.

We would therefore like to propose a direct conversation with Art.4(1)(b) Art.4(1)(b) , to hear your questions and concerns and provide relevant information and updates from our side. Regarding timing, we would be happy to organise this exchange at your earliest convenience.

We look forward to working with you on exploring how we can accelerate vaccine supplies for the European Union.

Kind regards,

Art.4(1)(b)
