**Subject:** Connecting on EU cloud scheme and access to tech by EU financial firms  
**Importance:** Low

Dear Florian,

Apologies for contacting you out of the blue. [REDACTED]

[REDACTED] Financial Services at AWS [REDACTED]

I am reaching out regarding [REDACTED] the topic of the EU Cloud Certification Scheme [REDACTED] and the possibility of this including provisions which would effectively impact the ability of EU Financial Services firms to access non-EU technology, with further negative impact on the operational resilience and stability of the EU financial sector. As you would know, this is precisely what DORA is looking to tackle.

I was hoping you may be available for a call sometime next week to exchange views on the topic – I am cc-ing Andrea Beltramello in EVP's Dombrovskis Cabinet as he suggested he would like to join the call as well.

Kind regards,  
[REDACTED]
