14) 16) 22 Apr 2020

Vice-President Schinas spoke with ICMPD DG Spingelegger virtually via WEBEX. Natasha Bertaud participated in the meeting.

Purpose of the meeting:

From the EU side:

- Reconfirm the EU's appreciation for ICMPD in its supporting role in migration dialogues
- Confirm that managing migration remains one of the key political priorities of the Commission. Building on the progress made so far, we need a fresh start to overcome the current legislative stalemate and equip the Union with a system capable of managing migration in all its different forms in a sustainable manner.
- Exchange with Dr Spidelegger on the plans for the New Pact and how these align to ICMPD's [8] recommendations.

From the side of ICMPD:

- Offer you the opportunity to host an event with your participation in order to launch the Pact.
- Present ICMPD's eight Recommendations set out in the study, "Breaking the Gridlock and Moving Forward – Recommendations for the next Five Years of EU Migration Policy".
- Have an exchange on how these align with the Commission's plans and to what extent they will be addressed in the New Pact.
- Exchange on the Commission's recently adopted guidance on the implementation of relevant EU rules on asylum and return procedures and on resettlement in the context of the COVID-19 pandemic and possibly on the Commission's wider views on the COVID-19 exit policy.
