**FLASH: Meeting with ICMPD Spindelegger 4 May**

*MS debriefed on his recent trip to **Turkey**. TR wants to finalise the post-FRIT money, ICMPD hopes there will be a focus on border management and is ready to help implement any programmes. Met with Minister of Health, who said there is a need for helicopters to transport patients from the migrant camps to hospitals as there are none nearby.*

*MS informed of ICMPD work on **Ukraine**. They are considering reopening their regional office in Kiev. Travelling to Warsaw next week, would like to establish links with the private sector, and connect Ukrainians seeking work with job offers in their member countries.*

*VP asked to connect this with the COM's work on an EU Talent Pool pilot project, sees ICMPD as having a role on the ground, whilst the EU project will be more about providing the infrastructure online.*
