**Subject:** Comments for the interservice consultation - Third Joint Industry Letter on Green Hydrogen / Delegated Act RED II

Dear Mr Seibert, Mr Samsom, Mr Grassi, Mr Moutarlier and Mr Götz,  
Dear [REDACTED]

Please allow us to get back to you one more time with regard to the upcoming Delegated Act on criteria for renewable hydrogen (RFNBOs, Art. 27.3 RED II).

We understand that the draft Delegated Act shall be presented for public consultation as part of the upcoming "REPowerEU package" and we welcome this very much. We also understand that a draft version is currently being considered in interservice consultation.

Based on our last joint industry letter from 24 March, we herewith would like to provide you with some concrete comments on the draft Delegated Act as we came to know it. This commentary letter is carried by the European Affairs / Government representatives of a group of European companies that has grown to 25 undersigning companies.

We all stand ready to contribute to a quick and well-designed solution for the Delegated Act and would be happy to engage in further exchanges with you.

Kind regards,

On behalf of the colleagues of the 25 undersigning companies

**Priorität:** Hoch

Dear Mr Seibert, Mr Samsom, Mr Grassi, Mr Moutarlier and Mr Götz,  
Dear Ms Juul-Jørgensen, Ms Wörsdörfer, Ms Jorna, Mr Petriccione and Mr Hololei,

In light of the current dramatic developments, we fully support the European Commission's efforts and we welcome the REPowerEU Communication. It rightly underlines the necessity for a fast ramp-up of domestic renewable hydrogen production and introduces the "hydrogen accelerator" as one of the cornerstones of the future EU energy and industrial policy.

For an effective "hydrogen accelerator", the upcoming Delegated Act on criteria for renewable hydrogen (RFNBOs, Art. 27.3 RED II) is of crucial importance. Therefore, please find herewith a **third joint industry letter** on this matter. It follows up on our CEO letter to Commission President von der Leyen from 9<sup>th</sup> September 2021 and our second joint industry letter from 9<sup>th</sup> of December 2021. This third letter is carried by the European Affairs / Government representatives of **23 undersigning companies**.

We all stand ready to contribute to a quick and well-designed solution for the Delegated Act and would be happy to engage in further exchanges with you.

Kind regards,

On behalf of the colleagues of the 23 undersigning companies
