Hello Henrik

I hope you are well – its been a number of years since our paths crossed but we met a number of times with the former head of the bp Brussels office [REDACTED]. [REDACTED] has now retired from bp but we still keep in touch and he asked me to pass on his warm regards.

I was wondering if you may be interested to meet with bp's [REDACTED] for Strategy, Sustainability and New Ventures [REDACTED] who will be in Brussels on 24-25 November.

[REDACTED] leads our work on bp's new strategy and is very much involved at the top of the company with our transition to many of the low carbon energy solutions that the Commission is also interested to see being more widely deployed across Europe. [REDACTED] is very interested in having a discussion on some of the transport challenges in particular SAF and electromobility – which are two areas we are actively pursuing.

If the you or any of the colleagues would like to meet with [REDACTED] I would gladly see if we can arrange a slot on either the 24 or 25 November that would work for you.

Kind regards

[REDACTED]
