Dear colleagues,

On January 26th, we will have a Working Party meeting regarding CCD. We have previously sent out an agenda and a Presidency Flash for that meeting but would now like to supplement the agenda with additional information. The Presidency intends to finalise the technical work following the provisional political agreement found in December.

During the Working Party meeting we will ask you to:

- 1. Indicate if you cannot support the provisional compromise agreed in December 2022.**
- 2. In that case, on what elements you are willing to accommodate the EP in order to enable a change of the political agreement. The EP will ask for something in exchange if the Council wishes to reopen the negotiations.**
- 3. Indicate any technical issues in the yellow lines that you cannot agree with and give solid arguments that the Presidency can bring back to the EP in order to renegotiate the technical issue at stake.**

Again, we really look forward to working with you during these coming months!

Kind regards,
The Swedish presidency team
