Ämne: Meeting with the French Business Confederation

Dear Mr Haak,

Each semester, we prepare the upcoming presidency alongside our French and European counterparts. In this context, we had the pleasure to visit Stockholm last November to meet some key persons in your ministers as well as the Business Confederation Svenskt Näringsliv about the Swedish priorities.

I attached to this mail the position paper we elaborated for these meetings on the key texts of the European regulatory agenda. As you can see this document has been prepared conjointly with the business organisation AFEP and France Industrie.

We are aware that this beginning of the year must be extremely busy, nevertheless it is very important for us to have the opportunity to share with you as well on all these structuring regulations.

This meeting could be held both in person and online for the people joining us from France. The in-person meeting would bring together a delegation of about a dozen people in charge of European Affairs. The format of a 100% online meeting could also be an option.

I would like to thank you in advance for your attention and I look forward to your reply. Please contact me for any further information you might require.

Best regards,
