Dear Lukas,

Thanks a lot for your time and for a very insightful and stimulating discussion during the FfFA lunch last Friday.

I'd be eager to follow up and was wondering whether you would have some time in the coming weeks for a one to one meeting with me and one of my colleagues at Cargill to further discuss the Sustainable Food Systems upcoming proposal, get your views on how [Cargill](#) could continue to contribute to the debate going forward and share with you some of the initiatives and innovations that the company is spearheading in support of food system transformation in the EU and beyond.

I remain at your disposal in case of further questions in the meantime.

Kind regards
