## Invitation

Dear Executive Vice President Timmermans,

2022 marks the 50<sup>th</sup> anniversary of the Danish Agriculture and Food Council's (DAFC) Brussels office. We wish to celebrate this by gathering a small distinguished group of Commissioners, officials, MEPs, colleagues and stakeholders with whom we have enjoyed working over the years.

Transforming the EU society into a sustainable future is the given task that lies ahead of us. The DAFC has committed itself to delivering on this goal, and we were the first EU farming cooperative organization to launch, ahead of national and Commission proposals, in February 2019 a vision to make Danish agriculture climate neutral by 2050.

Moreover, since Commissioner Hedegaard first launched the idea of a new climate policy architecture with a land sector pillar, the DAFC – in collaboration with successive Danish governments – has worked continuously to support it, in the process making it a Co-pa & Cogeca position.
