Subject: Meeting request for Commissioner Vestager from [REDACTED]

Dear Executive Vice President, Commissioner Vestager,

I am writing on behalf of OpenAI [REDACTED] to propose a 30-minute meeting on the morning of Tuesday, 23 May, when [REDACTED] will be in Brussels.

As you may know, OpenAI is a research and deployment company whose mission is to ensure that artificial general intelligence (AGI) benefits all of humanity. We build safe and responsible AI that brings economic and social improvements to as many people as possible, as well as work on understanding and preventing potential harms to humanity. You may have already encountered OpenAI tools such as DALL-E 2, which can create original images and art from a text description, and ChatGPT, which can answer a wide variety of questions in a natural, conversational way.

If you are able to meet, we would be keen to discuss with you how our technology and offerings align with your thinking about how to make cutting edge technologies safely and widely available, for the benefit of people in Europe and worldwide. [REDACTED] visit to Brussels is part of a trip that will include visits to several other cities in Europe to engage with users, developers, and partners.

I can be reached at this email or by phone at [REDACTED]

Thank you,

[REDACTED]
