Koos,

[REDACTED]

[REDACTED] I had originally spoken directly only with [REDACTED] to flag a concern who then asked me to explain to [REDACTED] some of the details/background and presumed this would then be dealt with in accordance with standard house rules.

But am available if you feel any thoughts could be helpful knowing some of the background.

Simon

Dear [REDACTED]

Many thanks. [REDACTED]

[REDACTED] The angle you should be looking at in my view is asking the Managing Authority to examine whether [REDACTED]

Would also suggest you benefit from some of the files in DG ELARG on this matter and [REDACTED] help. [REDACTED] The horizontal desk officer [REDACTED] in DG ELARG should be able to

But I am sure you have all of this covered. Good luck.

Dear Simon,

I'm writing to you on behalf on my Head of Unit (he is on mission this week) about [REDACTED] I understand from my Director that you're following it and would like to be informed.

We wrote to the Managing Authority some time ago (as soon as we heard about the contract - on 16 October) [REDACTED] To date we have received [REDACTED] copies of the letters sent by the Managing Authority (Ministry of Interior) to several institutions asking for information. They are also doing a control of the project activities planned to last until the beginning of December.

Mr [REDACTED] is willing to meet [REDACTED], preferably after we have the final answer from the Ministry. Today we have given them 7 December as the deadline for the final answer.

Regards,

[REDACTED]
