Dear [REDACTED]

I hope you are well. Thank you very much for all your support and guidance with the planning of the Working Group meeting. Please let me know if you think someone else from your office should also be receiving this message.

I know it has been some time since our meeting in April in the Parliament on Ending the Institutionalisation of Children Globally. You may remember that one of the outcomes of this event was an agreement to form a working group. We are suggesting that the first meeting of the group should be Monday 14 July. We would be grateful if you or your representative might have availability to participate in the first meeting of the Working Group on International Co-operation to End Institutionalisation. Would you be available on the afternoon of Monday 14 July? I know this is relatively short notice but the reason for holding it quite soon is so that the Working Group Secretariat could do solid research work over the summer months. The direction of this research will be heavily shaped by the outcomes and discussions of the Working Group's first meeting.

I am attaching a draft Terms of Reference for the Group, which was developed on the basis of the outcomes of the April seminar, and would really welcome your comments and suggestions. I realise it has been a few months now since the event, so I am also attaching a summary report of the April seminar which includes proposed outcomes and follow up, as well as the background document that was circulated prior to the event.

I am sure you will agree that there was tremendous energy in the event in April and a genuine commitment to finding ways to work more closely together to end the institutionalisation of children.

I do hope we get the opportunity to discuss these important next steps and how we can take this forward together. Your participation in the first meeting of the Working Group would be invaluable.

Do let me know if you need any further information. We will be in touch very soon with the exact time and venue.

Best wishes,
