Saw the head of Bruegel today to talk EDIS, CMU and CCP resolution. Generally a positive discussion, some tensions put away, they assured us that they were not insisting on single supervisor, for example.

He asked if LH would be available for a Bruegel event in the near future.

Two possible formats:

- a private off the record session to kick around a big theme (example: CCP resolution / recovery), with their engagement to provide expertise and a forum for discussion
- more of a public event to push an issue that we want to push (could be EDIS for example in December or January...)

Subject: CER consultation exercise

Dear Jonathan,

Like all organisations, we think it is a good idea once in a while to see whether we are doing what our stakeholders want. So my colleagues [REDACTED] (copied in) are conducting a consultation exercise with the CER's audience, to find out what we could do better for policymakers, journalists and politicians (for example, in terms of topics, outreach, products and events). I wondered if you might be able to speak to them briefly - say 15 to 20 minutes - on the phone? It would be very helpful for us.

If you agree, they will get in touch with you to set up a convenient moment to talk.

Many thanks and kind regards,

Simon
