**Subject: Reply to emails you have sent on 20, 21 and 28 August**

Dear [REDACTED],

You have sent emails to the Commission on 20, 21 and 28 August. These emails were addressed directly or copied to Vice-President Reding, her Head of Cabinet Mr Martin Selmayr, [REDACTED] and myself. I have been asked by Vice-President Reding to reply to your correspondence.

The Commission, as a member of the Management Board of the Agency, will continue seeking the application of relevant financial rules and staff policy requirements by the Agency.

You are already aware, further to my correspondence sent on 14, 29 May and 23 July that the allegations of financial irregularities, which you have reported, have been transmitted to OLAF for further handling in accordance with the relevant procedures. We have followed the same approach as regards the allegations reported by you in August. You have also been informed about the decision of the Management Board to open an examination on the allegations of harassment against the Director.

You will understand that the Commission is not in a position make any further comments, as this would risk prejudging the work carried out by the relevant bodies which are competent to handle such allegations.

Yours sincerely,

Paul NEMITZ
