Subject: Revised DFR for ISSG on 11 Sept
Attachments: 20120905 - Cloning for food production_DFR first draft ex annexes clean.docx; 20120905 - Cloning for food production_DFR first draft ex annexes clean.pdf

Importance: High

Dear colleagues,

Please find the revised version still incomplete of the draft final report from ICF GHK on cloning issue (word and pdf version).

We intend to discuss it at the next ISSG meeting which is now planned on Tuesday 11/09 (**meeting room Froissart 101 6/A050 at 11-13**).

If you are not able to assist please send your possible written comments by Tuesday evening.

Thanks in advance for your help

Best regards
