Thanks Annika. That seems like a good proposal, how about 15h? Thanks for letting me know which number I should call.

Best,

Dear Annika,

Hope all is well. I wondered whether you might have time for a brief conversation next week as regards the meeting between Commissioner Andriukaitis and the EFPIA delegation on 24 February. Just before Christmas we had a brief conversation where we touched on some concrete elements I would like to follow up with you.

Would you have some time for example on Monday 15 February? I am fairly flexible that day.

Best regards,
