Main issues discussed

The meeting gave an opportunity to the BVB to raise their concerns on the securitisation proposal.

These were mostly focused on the risk retention proposal of the European Parliament, the speed of implementation of the STS regulation (including with Level 2 measures) and the hierarchy of approaches used in CRR.

We updated BVB with our expected end of the negotiations, explaining that it is our aim to conclude them before the end of the Maltese Presidency of the Council (i.e. by June)
