Mr. Guenther Oettinger
Commissioner for Energy
European Commission
B-1049 Brussels

Dear Commissioner Oettinger,

I refer to your letter dated March 28 when you expressed your support for my proposed outreach strategy regarding those signatories who have not ratified the Energy Charter Treaty. As you know I had previously discussed this with Director General Philip Lowe on February 17.

I would now welcome an opportunity to come to meet you to update you on my efforts with each of Australia, Belarus, Iceland, Norway and the Russian Federation.

I would hope that a date in mid June might be suitable for you and I will arrange that my office is in contact with you on the precise arrangements.

Yours sincerely,

Urban Rusnák
