Subject: Meeting between Commissioner Hahn and SG Rusnák/ March 19 @ 16.30

Dear Kaethe,

Some further details on the meeting now scheduled for Thursday March 19, between Commissioner Hahn and Secretary General Rusnák.

One of the important issues which the SG wishes to discuss with the Commissioner is the role and potential of the Energy Charter in Central Asia and the Caucasus, particularly in the context of the post INOGATE project. There is urgency to this, in that we understand that a decision on this project is being taken imminently. Yesterday (March 11), Dr Rusnák discussed this issue, inter alia, with Mr Ristori, the Director General of DG Energy.

The SG will be accompanied on March 19 by [REDACTED] Senior Expert on Transit, from the Secretariat. [REDACTED] is a [REDACTED] National. Both will have their ID cards to ensure access to the Berlaymont.

Also it would be appreciated if parking could be arranged for the SG's car, a xxxxxxxx, Registration Number xxxxxxx.

Thank you

[REDACTED]
