**Subject:** Glyphosate (AIR II) - EFSA conclusion on the risk assessment

Dear [REDACTED],

On 30 October 2015, the European Food Safety Authority (EFSA) sent a pre-notification copy of its conclusion on the pesticide peer review for glyphosate to the Commission, the rapporteur Member State and the applicant.

According to Article 17 of Regulation (EU) No 1141/2010, the Commission shall submit a draft review report within 6 months to the Standing Committee on Plants, Animals, Food and Feed.

The same Article provides that the applicant shall be given the possibility to submit written comments on the review report within a period, set by the Commission.

Although the legislation does not foresee a formal consultation of the applicant on the conclusion of EFSA, the Commission considers that it might be helpful for the further decision-making process to allow the applicant to submit comments on this conclusion during this early phase of the final stage of the decision-making procedure.

Therefore, I invite you to submit your comments on the EFSA conclusion, if you wish to comment, by 9 December 2015 at the very latest. You are kindly asked to submit an electronic copy of your comments (e-mail to: [REDACTED] and [sante-e3-secteurpp@ec.europa.eu](mailto:sante-e3-secteurpp@ec.europa.eu)) in order to facilitate sharing them with all Member States. Please note that these contributions will be included in the Background document C which is kept available by the Member States for public consultation.

I can assure you that the Commission will carefully consider your comments together with the conclusion of EFSA in the process of drafting the review report. As soon as such draft is available, you will be formally consulted according to Article 17 of the Regulation.

Yours sincerely,

[REDACTED]

[REDACTED]
