Subject: DIGITALEUROPE response to TSIA TiSA draft interim technical report

Dear all,

DIGITALEUROPE is pleased to share with you our response to the draft interim technical report for Trade Sustainability Impact Assessment in Support of Negotiations on TiSA.

We responded to some of the questions raised in the report, particularly on the need for digital trade rules touching upon the areas of e-commerce and telecommunications, the recognition of the principle of the free flow of data between TiSA parties and the respect at the same time of EU privacy standards, the challenges set by the EU carve-out on new services, the establishment of a commercial presence and the temporary movement of natural persons for business purposes.

We hope this opinion will clarify the demands of the European Tech Industry, and will be reflected in the final report.

Please do not hesitate to contact us if you have any question.

Sincerely,

Diane Mievis
On behalf of DIGITALEUROPE

Diane Mievis

Global Economic Affairs
