Dear [redacted]

As per your request at this week's working group please find below a summary of the situation with our enforcement provisions in the UK to support 2015/2283 EU.

In the UK enforcement of food law is a devolved matter and therefore each of the countries of the UK adopt their own enforcement provisions. The provisions in three of the countries have been adopted and are in place:

- Scotland - <http://www.legislation.gov.uk/ssi/2017/415/made>
- Northern Ireland - <http://www.legislation.gov.uk/nisr/2017/233/made>
- Wales - <http://www.legislation.gov.uk/wsi/2017/1103/made>

In England the provisions have been drafted and we are awaiting a slot in parliamentary time to put the provisions in place. A draft of the intended provisions that were subject to consultation last summer, can be found [here](#). The intended provisions remain the same

as this document with some minor changes to reflect working practices in enforcement authorities. We expect that these provisions will be in place in about a month and half. The final version will be shared when it is in place.

Kind regards

Subject: Art 29 of NFR-penalties

Dear colleagues,

As you know, Article 29 of the new NFR requires the MS to lay down the rules on penalties applicable to infringements of the provisions of this Regulation. It also requires MS to notify those provisions to the Commission by 1 January 2018.

Can you pls proceed with the notification ASAP?

Best regards,
