Subject: Meeting request - Statoil CEO Eldar Sætre

Dear [REDACTED],

In follow-up to our conversation last Friday, I contact you to arrange for a meeting for our CEO Eldar Sætre with Commissioner Canete on 9 November here in Brussels. The two last met when visiting the Troll platform in 2015 and since then global and European energy issues have evolved significantly.

Issues we believe to be important for the two to discuss are the European energy system investment challenges, the role of renewables, CCS, CSU and hydrogen in a European decarbonization agenda, continued deployment of offshore wind throughout Europe, energy challenges in the transport sectors and challenges of digitalization and cybersecurity in the energy sector.

We hope you can let us rapidly know if the Commissioner is interested in and available for such a meeting.

Kind regards,

[REDACTED]
