Dear [REDACTED],

I hope you had a pleasant summer holiday. The meeting we have been setting up the past couple of months between Mr. Ristori and [REDACTED] will take place tomorrow at 3 pm. I just wanted to confirm that the e-pass is still valid which we received for the first meeting? Could you possibly send both again? Furthermore, I wanted to share with Mr. Ristori the subjects we want to discuss:

1. L-Gas Production decision and changing supply patterns into N-W Europe
2. Energy transition. Dutch discussions, and presentation of Hydrogen and CCS projects as well as vision of Gasunie for system integration
3. Gasunie, BREXIT and Preparedness no-deal scenario

Let me know if there are any questions or any further subjects that Mr. Ristori would want to discuss. We will bring a short slide deck to guide the discussion.

Best regards,
