Dear colleagues,				
On Friday 9th November,	and	(G	GROW F1) met	t with Gaia della Rocca from
Confindustria to exchange	views on strategic val	lue chains and t	the further de	velopment of the industrial
policy strategy. Confindus	tria sees Important Pro	ojects of Comm	on European	Interest (IPCEI) as an
integral part of industrial	policy. Confindustria is	actively contri	buting to the	Strategic Forum on IPCEIs
and has submitted a number of value chain proposals, but sees also a need to address how the IPCEI				
instrument could better support strategic value chains. Confindustria would like to discuss the obstacles				
for IPCEIs in the next meeting of the Strategic Forum. The role of strategic value chains for industrial				
policy is also underlined in the new German-Italian industry priorities signed on 9 November by				
Confindustria and BDI (German Industry Federation) – see attached Confindustria/BDI				
recommendations.				
explained th	at the timeline of the S	Strategic Forum	n will be accel	erated, aiming to publish a
final report together with		-		
Industry Days 2019. Following a proposal by Italy, the meeting of the Strategic Forum on 13 November				
will include an agenda item on IPCEIs.

Finally, Gaia della Rocca gave background for an upcoming meeting between and				
representatives of Confindustria Emilia.
