Subject: Meeting with Hybrit - notes

[REDACTED] (GROW.F1) met with Mårten Görnerup, CEO, and [REDACTED], from Hybrit Development (a fossil-free steel joint venture) and Willem Vriesendorp and [REDACTED] from FIPRA (a public affairs consultancy) on 11 March 2019.

The representatives from Hybrit explained that they are working on initiatives to decarbonise steel making in Sweden. Hybrit is also [interested in the work of the Strategic Forum](#), and [sought more information](#) about the process and concept of Important projects of common European interest, [in particular](#) the structure and legal form of a consortium in an IPCEI project, [the](#) financing possibilities and the timeframe and process for an IPCEI project.

[REDACTED] invited [Hybrit](#) to request a meeting with COMP and GROW for more detailed information on the [IPCEI](#) process and content.
