Subject: RE: Amendment of Council Regulation
Attachments: Note to SRG Chair_BBI Amendment.pdf

Dear [REDACTED],

On behalf of John Bell, I hereby send you attached a note concerning the amendment of the BBI Council Regulation. We remain available to provide the SRG members with any additional information on this subject.

Best regards and a nice weekend!

Subject: Re: Amendment of Council Regulation

Dear [REDACTED],

Thank you for your message which reflects our discussions in the recent SC2 Programme Committee meeting.

Institutionally the Commission will inform the Member States as you have requested as soon as the text is institutionally ready. With [REDACTED] we will ensure transparent communication with the BBI governance system.

I will ask [REDACTED] and her team to clarify when and how we can ensure that you are all well informed at the earliest possible opportunity.

(As the flu is affecting a lot of colleagues this week it may be a few days before we have a precise response.)

Kind regards
John

Dear [REDACTED], dear John,

I do hope that this email finds both of you well.

I am writing to you regarding the amendment of the Council Regulation for BBI. We were briefly informed last week during the SC2 PCM on the procedure and, as Spanish Representative, I took the floor to share my views on potential difficulties that may be found during the procedure if Member States are not up to date about it.

My feeling is that most SRG members will be asked nationally to inform on that issue (BBI performance, state of play, reasons for the amendment, consequences,...). I think that the better the SRG members (and PC colleagues too) are informed about it, the better we can brief nationally at our representatives in the research working party, MPs,..., and therefore the smoother the procedure may be.

Please consider this email only as a suggestion that I believe could contribute to the successful implementation of BBI.

With my best wishes,

[REDACTED]
