Chemistry Dialogue

Invitation

On behalf of ExxonMobil, I would like to announce that our first Chemistry Dialogue luncheon debate will take place on:

14 November 2017 at 12:30
at the Hotel Sofitel Brussels Europe, Place Jourdan 1, 1040 Brussels

Speakers:
- Antti Peltomäki, Deputy Director General of DG Internal Market, Industry, Entrepreneurship & SMEs
- Joe Blommaert, Director of Chemical Manufacturing Asia Pacific & Europe, ExxonMobil
- [Redacted], Senior Researcher, European Trade Union Institute (ETUI)
- Martin Porter, Executive Director Industry & Innovation and EU Affairs, European Climate Foundation

Please confirm your attendance to energydialogue@fticonsulting.com (tel: +32 2 289 04 12) by Tuesday, 07 November. We look forward to seeing you.

“Keep the Chemistry going: the competitiveness of European petrochemical manufacturing”

This event will explore the importance of petrochemicals to society and the case for manufacturing them in Europe: from high standards to jobs and investment. The focus will be on how EU policy makers, industry and civil society can work together to ensure the long term competitiveness of petrochemical manufacturing in Europe.

The Chemistry Dialogue, a special edition of the Energy Dialogue series hosted by ExxonMobil, is an exclusive debate that gathers experts from the EU institutions, industry and think tanks to question, analyse and recommend practical and effective solutions to today’s most pressing policy challenges. These debates provide a dynamic forum to link together policy areas such as energy, transport, climate change and industrial policy.

Yours sincerely,
Joe Blommaert
Director of Chemical Manufacturing Asia Pacific & Europe, ExxonMobil
