

MTG- between the Vice-President and Blackrock – 23/4/2018

- Overview of financial market rules and regulations;
- capital markets;
- rules on delegation - to ensure that rules applied across the EU- to avoid forum shopping;
- PEPP; Crowdfunding ; Covered bonds framework;
- MiFID 2- all major markets have transposed; Directive – degree of consistency is maintained; all elements are to be in place;
- Sustainable Finance, ESG and climate change; It is hard for pure measurement; a classification system is needed. Different clients define ESG differently.

From taxonomy- labels, green bond markets; low carbon benchmarks- prudential side;

- long term investing – the outcome of the investment is important;
- Technologies, FinTEch, Coding and cybersecurity ;
