## Your application for access to Frontex documents

Dear Ms Izuzquiza,

With reference to your application registered on 26 June 2019, asking for access to

*all reports - including, but not limited to, research outcomes, briefings, papers, analysis, notes, position papers, background documents, and/or context setters - written, produced and/or commissioned by Frontex in 2016, 2017 and 2018 on the topic(s) of climate change and/or global warming.*

*I am interested naturally in the interesection between global warming (also known as climate change) and Frontex's areas of work and expertise. A (purely hypothetical) example would be a study by Frontex on how global warming has affected or will affect European border management or migration patterns to the EU,*

please be informed that Frontex does not hold documents pertaining to your application

Yours sincerely,

Hervé Caniard

Head of Transparency Office
