**Subject:** Meeting request - [REDACTED], Cisco - 8 March

Dear Commissioner Moedas,

It was a real pleasure to meet with you most recently at the Award ceremony organized by Startup Europe Partnership (SEP) and Mind the Bridge last December. Cisco was honored to receive a 'Corporate Startup Star' recognition for our work to support startups across Europe.

On that occasion, I briefly mentioned to you that [REDACTED] would be honored to meet with you on his next visit to Brussels. [REDACTED] is now planning to come to Brussels on March 8<sup>th</sup> and if you were available he would be delighted to meet with you.

As you know, Cisco is heavily invested and committed to Europe. We have a long history of partnering with government and organizations across Europe and are actively engaged with several EU countries to accelerate their digitization by investing in areas such as smart cities, cyber security, start-ups and digital skills. We also have a long-standing commitment of driving innovation in Europe and have opened a number of innovation centers including in Berlin, Paris, Barcelona or London as a way to accelerate opportunities, deepen relationships, and foster innovation.

██████████ will be very pleased to meet with you to exchange views on incentives for better innovation and hear about your priorities. He will be keen to share Cisco's approach towards innovation and some of our most recent experiences working with governments, enterprises and start-ups to accelerate open innovation, as well as explore how can Cisco collaborate further with the Commission in fostering innovation across the EU. ██████████ is also personally committed to supporting STEM education and developing the next generation of talent and can discuss some of the initiatives he has undertaken in this space.

Thank you for your consideration of this request. We will follow up with your office and remain available to provide any further information you may require.

Kind regards

██████████
