Subject: RE: Informal exchange on the Titanium Dioxide

Chère Anne,
Many thanks to **you and your colleagues** for having taken the time to discuss with us and listen actively to our approach to this additive. We very much look forward to a continued conversation and hope that the concerns we shared with you will be taken into account in the upcoming decisions that will have to be taken.

Très cordialement,

Subject: Informal exchange on the Titanium Dioxide

[REDACTED],

Thanks a lot to you and all your colleagues from other organisations for having accepted to meet. We were quite pleased to have the opportunity of an informal exchange on the Titanium Dioxide and our common concerns on consumer protection. It is an effective way of keeping each other informed of respective positions on fast developing issues.

We remain available for further exchanges if you find them useful.

Kind regards,
Anne
