

# Expert workshops on the EU Taxonomy

## Technical Expert Group on Sustainable Finance

### Meeting report

26 & 27 March 2019  
Brussels

**On the 26<sup>th</sup> and 27<sup>th</sup> March 2019, the technical expert group (TEG) on sustainable finance held workshops on the EU Taxonomy** with the additional experts that were selected following the registration of interest that was held between December 2019 and January 2019. The list of selected experts has been published and can be found [here](#).

**In the workshops, the invited experts provided technical input to the following activities:**

- The development of new criteria for further economic activities that have the potential to make a substantial contribution to climate change mitigation objectives. These are called the ‘2<sup>nd</sup> round climate change mitigation activities’.
- The development of new criteria for activities expected to make a substantial contribution to climate change adaptation objectives of the European Union. These are called climate change adaptation activities.
- The development of new criteria to assess “do no significant harm” across all environmental objectives (climate mitigation, climate adaptation, sustainable use and protection of water and marine resources, transition to a circular economy, waste prevention and recycling, pollution prevention control, and protection of healthy ecosystems)

**Eight workshops were held over the course of the two days:**

**Tuesday, 26<sup>th</sup> March 2019**

1. Workshop on climate change adaptation
2. Workshop on electricity, gas, steam and air conditioning supply
3. Workshop on information and communication
