A copy of the instructions given and the undertakings made in this respect shall be sent to the Contracting Authority should it so request.

2.5.1. Pre-financing

Where required by Article 1.5.1 the Contractor shall provide a financial guarantee in the form of a bank guarantee or equivalent supplied by a bank or an authorised financial institution (guarantor) equal to the amount indicated in the same Article to cover pre-financing under the Contract. Such guarantee may be replaced by a joint and several guarantee by a third party.

The guarantor shall pay to the Contracting Authority at its request an amount corresponding to payments made by it to the Contractor which have not yet been covered by equivalent delivery of goods or execution of related services on his part.

The guarantor shall stand as first-call guarantor and shall not require the Contracting Authority to have recourse against the principal debtor (the Contractor).

The guarantee shall specify that it enters into force at the latest on the date on which the Contractor receives the pre-financing. The Contracting Authority shall release the guarantor from its obligations as soon as the Contractor has demonstrated that any pre-financing has been covered by equivalent delivery of goods or execution of related services. The guarantee shall be retained until the pre-financing has been deducted from payment of the balance. It shall be released the following month. The cost of providing such guarantee shall be borne by the Contractor.

2.5.2. Interim payment

At the end of each of the periods indicated in Annex I the Contractor shall submit to the Contracting Authority a formal request for payment accompanied by those of the following documents which are provided for in the Special Conditions:

- an interim technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;

If the report is a condition for payment, on receipt the Contracting Authority shall have the period of time indicated in the Special Conditions in which:

- to approve it, with or without comments or reservations, or suspend such period and request additional information; or
- to reject it and request a new report.

If the Contracting Authority does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity or of the authenticity, completeness or correctness of the declarations or information enclosed.

Where the Contracting Authority requests a new report because the one previously submitted has been rejected, this shall be submitted within the period of time indicated in the Special Conditions. The new report shall likewise be subject to the above provisions.

2.5.3. Payment of the balance:

Within sixty days of completion of the tasks referred to in Annex 1, the Contractor shall submit to the Contracting Authority a formal request for payment accompanied by those of the following documents, which are provided for in the Special Conditions:

- a final technical report in accordance with the instructions laid down in Annex I;
- the relevant invoices indicating the reference number of the Contract to which they refer;

- to reject it and request a new report.

If the Contracting Authority does not react within this period, the report shall be deemed to have been approved. Approval of the report does not imply recognition either of its regularity, or of the authenticity, completeness or correctness of the declarations or information enclosed.

- 2.6.2. The payment periods referred to in Article 1.4.1 may be suspended by the Contracting Authority at any time if it informs the Contractor that his payment request is not admissible, either because the amount is not due or because the necessary supporting documents have not been properly produced. In case of doubt about the eligibility of the expenditure indicated in the payment request, the Contracting Authority may suspend the time limit for payment for the purpose of further verification, including an on-the-spot check, in order to ascertain, prior to payment, that the expenditure is eligible.

The Contracting Authority shall notify the Contractor accordingly. Suspension shall take effect from the date of dispatch of the notification. The remainder of the period referred to in Article 1.4.1 shall begin to run again once the suspension has been lifted.

- 2.6.3. In the event of late payment the Contractor may claim interest within two months of receiving the payment. Interest shall be calculated at the rate applied by the European Central Bank to its most recent main refinancing operations ("the reference rate") plus seven percentage points ("the margin"). The reference rate in force on the first day of the month in which the payment is due shall apply. Such interest rate is published in the C series of the Official Journal of the European Union. Interest shall be payable for the period elapsing from the calendar day following expiry of the time limit for payment up to the day of payment. Suspension of payment by the Contracting Authority may not be deemed to constitute late payment.

2.7. RECOVERY

- 2.7.1. If total payments made exceed the amount actually due under the Contract or if recovery is justified in accordance with the terms of the Contract, the Contractor shall reimburse the appropriate amount in euro on receipt of the debit note, in the manner and within the time limits set by the Contracting Authority.
- 2.7.2. In the event of failure to pay by the deadline specified in the request for reimbursement, the sum due shall bear interest at the rate indicated in Article 2.6.3. Interest shall be payable from the calendar day following the expiry of the due date up to the calendar day on which the debt is repaid in full.
- 2.7.3. In the event of failure to pay by the deadline specified in the request for reimbursement, the Contracting Authority may, after informing the Contractor, recover amounts established as certain, of a fixed amount and due by offsetting, in cases where the Contractor also has a claim on the Communities that is certain, of a fixed amount and due. The Contracting Authority may also claim against the guarantee, where provided for.

2.8. OWNERSHIP OF THE RESULTS - INTELLECTUAL AND INDUSTRIAL PROPERTY

Any results or rights thereon, including copyright and other intellectual or industrial property rights, obtained in performance of the Contract, shall be owned solely by the Contracting Authority, which may use, publish, assign or transfer them as it sees fit, without geographical or other limitation, except where industrial or intellectual property rights exist prior to the Contract being entered into.

2.9. CONFIDENTIALITY

- 2.9.1. The Contractor undertakes to treat in the strictest confidence and not make use of or divulge to third parties any information or documents which are linked to performance of the Contract. The Contractor shall continue to be bound by this undertaking after completion of the tasks.
- 2.9.2. The Contractor shall obtain from all the members of its staff and its administrative and management bodies a written undertaking to respect the confidential nature of any information connected, directly or indirectly, with the execution of the contract and not to divulge to third parties or to use for their personal benefit or that of third parties any document or information which has not been made public, even after the contract has been completed. A copy of these written undertakings shall be communicated to the Contracting Authority, where it so requests.
- 2.9.3. In the event that the Contractor's staff work in the Contracting Authority's buildings, the Contractor is required, at the Contracting Authority's request, to replace immediately and without compensation any person considered by the Contracting Authority to be *'persona non grata'*.

2.10. USE, DISTRIBUTION AND PUBLICATION OF INFORMATION

- 2.10.1. The Contractor shall authorise the Contracting Authority to process, use, distribute and publish, for whatever purpose, by whatever means and on whatever medium, any data contained in or relating to the Contract, in particular the identity of the Contractor, the subject matter, the duration, the amount paid and the reports. Where personal data is concerned, Article 1.10 shall apply.
- 2.10.2. Unless otherwise provided by the Special Conditions, the Contracting Authority shall not be required to distribute or publish documents or information supplied in performance of the Contract. If it decides not to publish the documents or information supplied, the Contractor may not have them distributed or published elsewhere without prior written authorisation from the Contracting Authority.
- 2.10.3. Any distribution or publication of information relating to the Contract by the Contractor shall require prior written authorisation from the Contracting Authority and shall mention the amount paid by the Community. It shall state that the opinions expressed are those of the Contractor only and do not represent the Contracting Authority's official position.
- 2.10.4. The use of information obtained by the Contractor in the course of the Contract for purposes other than its performance shall be forbidden, unless the Contracting Authority has specifically given prior written authorisation to the contrary.

2.11. TAXATION

- 2.11.1. The Contractor shall have sole responsibility for compliance with the tax laws which apply to him. Failure to comply shall make the relevant invoices invalid.

Defects in equipment or material or delays in making it available, labour disputes,

Termination shall take effect on the date on which a registered letter with acknowledgment of receipt terminating the Contract is received by the Contractor, or on any other date indicated in the letter of termination.

2.16. Consequences of termination

In the event of the Contracting Authority terminating the Contract in accordance with this Article and without prejudice to any other measures provided for in the Contract, the Contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the letter terminating the Contract, the Contractor shall take all appropriate measures to minimise costs, prevent damage, and cancel or reduce his commitments. He shall draw up the documents required by the Special Conditions for the goods supplied and related services rendered up to the date on which termination takes effect, within a period not exceeding sixty days from that date.

The Contracting Authority may claim compensation for any damage suffered and recover any sums paid to the Contractor under the Contract.

On termination the Contracting Authority may engage any other contractor to supply the goods and/or to execute or complete the services. The Contracting Authority shall be entitled to claim from the Contractor all extra costs incurred in doing so, without prejudice to any other rights or guarantees it has under the Contract.

2.17. LIQUIDATED DAMAGES

Should the Contractor fail to perform his obligations under the Contract within the time limits set by the Contract, then, without prejudice to the Contractor's actual or potential liability incurred in relation to the Contract or to the Contracting Authority's right to terminate the Contract, the Contracting Authority may decide to impose liquidated damages of 0.2% of the amount specified in article 142 per calendar day of delay. The Contractor may submit arguments against this decision within thirty days of notification by registered letter with acknowledgment of receipt or equivalent. In the absence of reaction on his part or of written withdrawal by the Contracting Authority within thirty days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable. These liquidated damages shall not be imposed where there is provision for interest for late completion. The Contracting Authority and the Contractor expressly acknowledge and agree that any sums payable under this Article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses that may be reasonably anticipated from such failure to perform obligations.

2.18. CHECKS AND AUDITS

2.18.1. Pursuant to Article 142 of the Financial Regulation applicable to the general budget of the European Communities, the European Court of Auditors is empowered to audit the documents held by the natural or legal persons receiving payments from the budget of the European Communities from signature of the Contract up to five years after payment of the balance.

2.18.2. The Contracting Authority or an outside body of its choice shall have the same rights as the European Court of Auditors for the purpose of checks and audits limited to compliance with

contractual obligations from signature of the Contract up to five years after payment of the balance.

2.18.3. In addition, the European Anti-Fraud Office may carry out on-the-spot checks and inspections in accordance with Council Regulation (Euratom, EC) No 2185/96 and Parliament and Council Regulation (EC) No 1073/1999 from signature of the Contract up to five years after payment of the balance.

2.19. AMENDMENTS

Any amendment to the Contract shall be the subject of a written agreement concluded by the contracting parties. An oral agreement shall not be binding on the contracting parties.

2.20. SUSPENSION OF THE CONTRACT

Without prejudice to the Contracting Authority's right to terminate the Contract, the Contracting Authority may at any time and for any reason suspend performance of the Contract or any part thereof. Suspension shall take effect on the day the Contractor receives notification by registered letter with acknowledgment of receipt or equivalent, or at a later date where the notification so provides. The Contracting Authority may at any time following suspension give notice to the Contractor to resume performance of the Contract. The Contractor shall not be entitled to claim compensation on account of suspension of the Contract or of part thereof.
