Dear

We received the information that [redacted] will be the new representative of SEGES. As far as I know invitation to the next SNI meeting was sent to her e-mail address but we haven't received any reply. My colleague [redacted] who is taking care of the invitations, was trying to clear up this issue but unfortunately, I am not aware of the outcome. [redacted] will be back in the office on Monday and will provide you with all information.

Best regards

We are aware that SEGES is a member and it has previously been our colleague who has been the representative. is no longer working at SEGES and now I am concerned who gets invitations from you?

My colleague would be able to attend but want to make sure who you (or someone else) might have send out invitation for

Hope you can help clarify and maybe put me in contact to the right contact person if you are not the right to contact
