Thank you for the reply [REDACTED].  
Yes, Google is already on the transparency register.  
May I suggest we aim for the week of 6th or 21st of May?

Looking forward to the meeting.

Dear [REDACTED],  
Thanks for your message. I would be happy to meet you with [REDACTED]. My office (in copy) will be in touch to fix a slot. All my meetings are declared on the EU transparency register - I assume Google Cloud is already registered there, but if not that would need to be done prior to the meeting.

Best regards

Dear [REDACTED],

I hope this email finds you well.

Since I moved to Google from [REDACTED] during the last year, I wanted to take the opportunity to propose a meeting to introduce our innovative solutions that could help TAXUD business moving forward.

I have short agenda proposal.  
Google Cloud technology overview, the what  
Benefits of Google Cloud to your organisation, the why  
How to start and ramp, the how

Let me know what you think and a date when we could meet.
