Dear Sir or Madam,

Together with KfW Bankengruppe, DIE ZEIT is organising an evening discussion for decision-makers of the Frankfurt business community and other personalities from business and civil society on December 5th at the historic "Villa 102" in Frankfurt.

The aim is to establish a series of events characterised by politically charged discussions between prominent personalities from politics, business and society. The event planned for December marks the start of this series, which we would like to host regularly.

We would be very delighted, if Frans Timmermans would join this opening event as a speaker. In terms of content, we want to address the "Circular Economy". The exact topic would then have to be agreed on.

The event will be opened by Dr. Bräunig, CEO of KfW. Afterwards, we would like to introduce a conversation between two well-known politicians. The evening will be moderated by Marc Brost, Head of the Political/Capital City Editorial Office of ZEIT. A review of the event will be published in the ZEIT.

Undoubtedly, the presence of Frans Timmermans would enrich tremendously the overall relevance of this event. It would be our great honor to welcome him in Frankfurt, on December 5<sup>th</sup>.

If you have any questions, please do not hesitate to contact me.

Kind regards
