Dear [REDACTED],

As a major player in the energy transition acting in more than half of the European member states, the EDF group (Electricité de France), committed to pursue carbon neutrality by 2050, intends to support the European Commission in its effort to tackle climate emergency and to play a key role to enable and sustain a climate neutral and secure European Energy Union to the benefit of the European economy and society.

[REDACTED] EDF group, will be in Brussels on the 21th of January and would be very happy to meet Commissioner Simson on this occasion if she has some time.

A formal meeting request will soon be sent to Commissioner Simson, however in the meantime I would like to ask you whether a meeting with Commissioner Simson on the 21th of January could be foreseen?

[REDACTED] would be very keen to discuss the contribution of the energy sector in the framework of the European Green Deal, to help Europe establish its global leadership in clean technologies and

sustainability, thereby reconciling sustainable development, energy security of supply and competitiveness.

Thank you very much in advance, for your time and attention. I am at your disposal for any further information that may be useful to you.

Best regards,
