Subject: A letter from the European rail sector for an EU budget that integrates rail into the European post-Covid-19 recovery

Dear Commission Vice-President Timmermans, Dear Commissioner Vălean, Dear Commissioner Ferreira,

Dear Transport Ministers,

Please see attached a letter from CER – the Community of European Railway and Infrastructure companies, and UNIFE – the rail manufacturing industry, on the need for the upcoming EU budget to integrate rail into the European post-COVID-19 recovery. We believe that it is important that the EU budget post-COVID-19 continues to keep in mind the need for greener, sustainable transport, and does not simply seek to return to the existing 'status quo'.

We remain at your disposal for further discussions,

Yours sincerely
