Subject: Request for a personal meeting

Dear [REDACTED],

referring to our phone conversation on August 13, 2019, I am writing to you on behalf of the German Association of Liberal Dentists (Freier Verband Deutscher Zahnärzte e.V., FVDZ), which represents the largest independent network of dentists throughout Germany, to request a personal meeting with [REDACTED] or a member of his staff.

Since decisions on the European level have a great impact on our policies, the FVDZ has been following political developments concerning the health sector attentively. As Finland has taken over the Council's Presidency and therefore, will constitute a key player in the political processes, I will be meeting up with Finnish permanent representatives at the end of this month in Brussels. In this context, I would like to get an insight into the European Commission's positions towards these matters.

Amongst others, the following topics play an important role for German dentists.

- The political debate on the health technology assessment (HTA)
- Regulation 2017/745 on medical devices
- Analyses on health service provision (i.e. the ongoing study "Behavioural economic analysis of professionals' incentives in health and business services professions" (2018/S 142-323822))
- Admittance to dental professions for dentists from non EU Member States
- Disadvantages deriving from the establishment of medical care centres in EU Member States

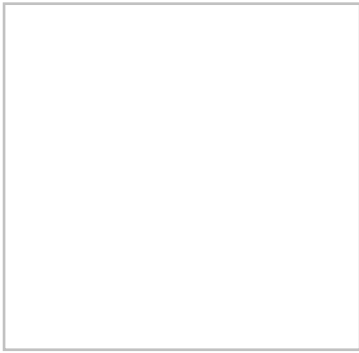

I would like to propose a personal meeting in Brussels on August 28, 2019. I would be available from 12 o'clock onwards.

Please let me know if this schedule works.

I am looking forward talking to a representative of your unit.

Kind regards,

[REDACTED]
